At The Park School we aim to provide a safe, caring and supportive environment for all students allowing them to learn effectively, improve their life chances and maximise their potential. We expect students to feel safe in school and on school related journeys. We help them to understand the issues related to bullying and enable them to feel confident in seeking adult support from staff if they feel unsafe at any time. We always take incidents of bullying seriously and they are thoroughly investigated and dealt with promptly.

Our mission statement is “Respect and achievement for all.”

Specific issues occur in our setting because student’s maturity is not related to their chronological age. Our students need to be taught the importance of respect for each other and understanding diversity. They learn to understand the different behaviour of those with specific special needs or disability. They need to learn to accept and appreciate differences relating to home circumstances, race, religion, culture, gender and sexuality.

This policy has been discussed with all members of our school community, and a student friendly version has been developed. There are behaviour code posters displayed in all rooms and anti-bullying posters have been designed by students.

The Park was awarded Gold Charter Mark for anti-bullying 2017

Definition of Bullying

Bullying is the intentional hurting or humiliating of another person. It is usually persistent and often covert. There is often a power imbalance that makes it hard for a victim to defend themselves. Occasionally, an incident may be described as bullying even if it is not repeated or persistent. It can be planned and organised or it may be unintentional. It may be perpetrated by individuals or by groups of students.

Bullying can take many forms including:

- Physical bullying which can include kicking, hitting, pushing and taking away belongings;
- Verbal bullying which includes name calling, teasing and making offensive comments;
- Emotional bullying which includes isolating an individual or spreading rumours about them;
- Cyber-bullying where technology is used to hurt an individual – for instance text messaging or posting messages/images on the internet or any form of social media
- Racist bullying occurs when bullying is motivated by racial, ethnic or cultural prejudice.
- Sexual bullying is where someone makes unwanted physical contact or makes sexually abusive comments.
- Homophobic and biphobic bullying occurs when bullying is motivated by a prejudice against lesbian, gay or bisexual people.
- Transphobic bullying occurs when bullying is motivated by a prejudice against people who identify as trans.

- Disablist bullying occurs when bullying is motivated by a prejudice against people with any form of disability.
- Sexist bullying occurs when bullying is motivated by a prejudice against someone because of their gender.

Reporting and responding to bullying

Who can students talk to if they have any concerns about bullying?

- Tutor
- KS lead
- Subject teacher
- Mentors
- DSL

- Teaching Assistant
- Support staff

Students can feel confident that any of the above will listen to their problem.

We have clear reporting systems for the whole school community, including adults. All incidents are dealt with immediately, taken seriously and investigated fully. Staff listen to all student's accounts and help individuals to interpret and understand what has happened. This may include helping some students to appreciate the need to "let go" and not remain negative about something that happened a long time ago.

Parents are telephoned on the day of an incident.

All behavioural incidents are dealt with in a fair way ensuring that everyone is given a voice. A range of responses appropriate to the situation are utilised including:

- Restorative justice
- Supporting the student who has been upset in explaining to the perpetrator the hurt that they caused
- Sincere apology
- Special time for the victim
- Behaviour agreement contract
- Internal exclusion from their group or for a particular activity for the perpetrator
- Liaison with parents /guardian/social worker
- Fixed term exclusion

Consequences include an understanding of individual's disabilities and degree of understanding. The school ensures that whatever the necessary outcome, including fixed term exclusions, the incident has been dealt with. There is always a "fresh start".

Incident reports are stored on SIMS and used to evaluate what consequences and the impact have been. It is also used to identify trends and inform preventative work in school and policy development.

Anti-bullying advice for Parents/ Carers

- A great deal of bullying is CYBER-BULLYING. Please regularly monitor your child's use of texting, Facebook, Twitter and other social media sites. Access to these is out of the school's control when your child is not in school.
- TALK to your child on a regular basis, so any problem is easier to share
- LISTEN to what they say
- ENCOURAGE your child to feel good about themselves, realising that we are all different and equally important
- If you believe your child is being bullied, or is a bully, talk to other adults at home or at school and explore the options. **DON'T STAY SILENT**
- If your child is a victim assure them that it is not their fault and that you are going to do something to help
 - Be realistic in your expectations, sometimes on-going problems can take time to resolve
 - TRY to be co-operative with our school and not be aggressive. Without a good working relationship between parents and the school the situation could deteriorate, which won't help you or them
- ALWAYS remember that children can't solve bullying on their own. They NEED the support of parents/carers and our school.
